

## Try or discover Scuba class

A try Scuba at Scuba Centers of Michigan is an orientation to diving that allows non-divers to experience diving in our 82 degree pool under the direct supervision of a dive leader, with a minimal amount of instruction and classroom time. We just teach the basics and let you play in the deep end of our pool. No certification but it gives you a great feeling for what scuba is.

It's a **half hour in the classroom up to 2 hours** in the pool. We provide everything that is needed but swimsuit and a towel.
